

Make a complaint for someone else

Before you start

Our team may discuss your complaint and clinical records with the person and/or organisation you are complaining about, including their employer. This may include forwarding them a copy of your complaint and the clinical records to enable them to respond to our questions about your complaint.

Need help? You can get help from an advocate to resolve your complaint directly with the person or organisation you are unhappy with, or they can help you make a complaint to HDC. Call 0800 555 050. *This service is free of charge.*

You can fill in this form in any language and we will have it translated.

If you have documents/photos to support this complaint, please attach them.

Our team treats all complainants with fairness and respect. We acknowledge that you may be feeling distressed or angry, but abuse towards our staff is not acceptable and will not be tolerated. We may issue a warning, report a matter to the Police, or modify or restrict access to our services if our staff are abused.
