Your one big thing::

Te whatu ora Whakatāne hospital and specialist honestly need to be really investigated because I have just received my medical records from the mental health and there's a lot of false information in my medical records and dishonest about [REDACTED] myself and they don't spell our names correct. Stating that I have 3 kids and I only have 2. Assuming about my addictions not believing that I don't drink alcohol or smoke drugs. I have just gone back to rongoa weed to help me sleep but because of my respiratory I can't smoke it and this is why I need quetiapine and health system failing me
