5 Are you here to tell us your 'one big thing'?

Your one big thing::

Health NZ do not adequately provide me with a pathway to access care specific to my ME/CFS and Long covid. There are no knowledgeable or experienced specialist providers or speciality who can provide consistent care.

There is inadequate funding for services and practical supports for people with ME/CFS, at a level that is appropriate to the level of disability and needs.

Health NZ does not allocate any specific funding from Long Term Support Chronic Health Conditions (LTS -CHC) funding for multiple disciplinary health teams nor domestic assistance, and the criteria for Disability Support Services funding excludes ME/CFS.

Access to home help would enable people to avoid triggering post-exertional malaise and would have a profound impact on people's functional capacity and wellbeing.
